8. A female rabbit is called

9. What is crop rotation?

10.....is a group of people living together connected by blood or marriage.

11. State one reason why animals move from one place to another.

12. Give one characteristic of living things.

13. Name the type of leaf shown below.

.....

14. Name the suitable type of soil for grown crops.

.....

15. Give one example of flowering plants.

.....

16. Identify one disease which attacks rabbits.

.....

17. Give one reason why we wash our hands after using a latrine and before eating.

.....

.....

18. Which part of a plant makes its food?

.....

19. How are bees useful to man?

.....

20. Name the sense organ for feeling.

.....

21. Draw and name one artificial source of light.

22. Name one plant whose roots we eat.

.....

23. Give one reason why people keep domestic birds.

.....

.....

24. A young plant in a nursery bed is called a

25. Write one gas which make up air.

26. What is **personal hygiene**?

.....

27. Name the type of roots shown below.

28. A house of bees is called a

.....

29. Write down one way we can care for the seedlings.

.....

.....

30. Draw and name one product man gets from a cow.

31. State one reason why you eat food.

.....

.....

32. Which clouds bring rain?

.....

33. Suggest one way of controlling the pests from damaging our crops.

.....

34. Write down one use of water at your home.

.....

35. Name one childhood immunisable disease.

.....

36. State down one cause of road accidents.

.....

37. State one disease that attacks people and has no cure.

.....

38. What is the use of scales to a fish?

.....
39. Draw and name one property of air.

40. Write P.H.C in full.

.....
.....

SECTION B.

41. (a) Name the three main part of a plant labeled on the diagram below.

a

b

c

(b) State one plant with fibrous roots.

.....
42. Write down any four basic needs of man.

(i)..... (ii)

(iii)..... (iv).....

43. (a) Give one reason why people keep rabbits.

.....
(b) Name one exotic breed of rabbits.

.....
(c) How do we call a group of young rabbits growing together?

.....

(d) A house of a domestic rabbit is called a

44. (a) Complete the Immunisation table shown below.

	Disease	Vaccine	Site
(a)	Polio vaccine
(b)	Tuberculosis	right upper arm by injection.
(c)	measles vaccine	left upper arm by injection.

45. Name these things we use to clean our body.

(a) (b)

(c) (d)

46. (a) What is air?

.....
(b) Give one use of air.

.....
(c) Name the gas with the least percentage.

.....
(d) Which gas supports burning?

47. (a) Why do we brush our teeth? Give one reason.

.....

(b) Draw and name three things you need when brushing teeth.

(i)	(ii)	(iii)
-----	------	-------

48. Write the tools that a farmer need to do the following:

(a) Transplanting seedlings:

(b) Cutting small trees:

(c) Digging / weeding:

49. (a) The process by which green plants make their own food is called

.....
(b) Suggest three conditions necessary (needed) for photosynthesis to take place.

(i)

(ii).....

(iii).....

50. **Name the parts of the rabbit labeled with letters: O, P, Q, R.**

O:..... P:

Q :..... R:

51. (a) Write down the three types of soil.

(i)..... (ii).....

(iii).....

(b) Which type of soil can become water logged?

.....

52. (a)is the first help given to a casualty before taking him or her to the hospital.

(b) Why do we given first aid? Give one reason.

.....

.....

(c) Draw and name two things found in a First Aid box.

(i)	(ii)
-----	------

53. (a) Identify the insect that spreads malaria to people.

.....

(b) Where does it commonly lay its eggs?

.....

(c) Suggest any two ways in which we can prevent ourselves from malaria.

(i)

(ii).....

54. **The diagrams below show the life cycle of a housefly. Name the stages marked with letters; W, X, Y, Z.**

W

X

Y

Z

55. (a) Mention any two ways we keep our classrooms clean.

(i)

(ii)

(b) Name two common diseases you know.

(i).....

(ii).....

**** The End. ****
