

World of computers

What do the abbreviations below stand for?

ICT

.....

IT

.....

What do the abbreviations mean?

.....

.....

.....

.....

For each of the fields below, suggest any four applications of ICTs.

Offices

.....

.....

.....

.....

.....

.....

Homes

.....

.....

.....

.....

.....

.....

Art, leisure and entertainment

.....

.....

.....

.....

.....

Security

.....
.....
.....
.....
.....

Business

.....
.....
.....
.....
.....

Education

.....
.....
.....
.....
.....

Health care

.....
.....
.....
.....
.....

Politics and governance

.....
.....
.....
.....
.....

Industrial, technical and scientific uses

.....
.....
.....
.....
.....

What do the abbreviations below stand for?

PPS

.....

ATM

.....

EDI

.....

EFTPOS

.....

SAMS

.....

POS

.....

CAI

.....

CAL

.....

CAA

.....

Define the following terms.

Electronic commerce

.....

.....

Electronic storefront

.....

.....

Shopping cart

.....

.....

State any four benefits of electronic commerce

.....

.....

.....

.....

.....

Suggest any four limitations of electronic commerce

.....

.....

.....

.....

.....

Explain any three e-commerce models

.....

.....

.....

.....

.....

Suggest any three advantages of using ATMs

.....

.....

.....

.....

.....

Mention any three services offered by the ATM

.....

.....

.....

.....

List down any three advantages of internet banking

.....

.....

.....

.....

State any three disadvantages of internet banking

.....

.....

.....

.....

List down any three advantages of telephone banking

.....

.....

.....

.....

State any three disadvantages of telephone banking

.....

.....

.....

.....

State any three applications that require computer measurement.

.....

.....

.....

.....

Why use computers to measure things? State three reasons

.....

.....

.....

.....

Where is computer control used? State any three areas

.....

.....

.....

.....

Why use computers to control things? State any four reasons

.....

.....

.....

.....

.....

What is a computer model?

.....

.....

Why are computer models used? Give four reasons

.....

.....

.....

Mention any three examples of computer modeling

.....

.....

.....

.....

What is an expert system?

.....

.....

Where are expert systems used? Give any four areas.

.....

.....

.....

.....

Mention any three limitations of expert systems.

.....

.....

.....

.....

Suggest any four tasks handled by robots in an industrial plant.

.....

.....

.....

.....

.....

Why use computer controlled robots? Outline any four reasons

.....

.....

.....

.....

.....

Mention any four limitations of industrial robots.

.....

.....

.....

.....

Explain any five advantages of using ICTs

.....

.....

.....

.....

.....

Explain any five disadvantages of using ICTs

.....

.....

.....

.....

.....

.....

Explain any three advantages and three disadvantages of using ICTs in each of the fields given below.

Politics and governance

.....

.....

.....

.....

.....

.....

Health

.....

.....

.....

.....

.....

.....

Business

.....

.....

.....

.....

.....

.....

Education

.....

.....

.....

.....

.....

.....

.....

.....

Industrial uses

.....

.....

.....

.....

.....

.....

.....

.....

Entertainment and leisure

.....

.....

.....

.....

.....

.....

.....

.....

What is green computing?

.....

.....

State any four practices under green computing that can reduce negative impact on the environment.

.....

.....

.....

.....

What are the benefits of green computing? Give any five

.....
.....
.....
.....

Define the term digital divide.

.....
.....

Why use CCTVs for electronic tracking? State any three

.....
.....
.....

“Many modern buildings have computer controlled environment systems in place”. Suggest any four components of such a system.

.....
.....
.....
.....

How are ICTs used to monitor the earth? State any four ways

.....
.....
.....
.....

Explain any three effects of ICTs on employment.

.....
.....
.....

Give any three advantages of automated production.

.....
.....
.....

Suggest two remedies to reduce the risk of EMR when using computers

.....

.....

.....

Describe the following information processing systems giving examples, advantages and disadvantages where possible.

Batch processing system

.....

.....

.....

.....

.....

.....

Real time processing system

.....

.....

.....

.....

.....

.....

Interactive system

.....

.....

.....

.....

.....

.....

Multitasking system

.....

.....

.....

.....

.....

Multi user system

.....

.....

.....

.....

.....

.....

.....

.....

Time sharing system

.....

.....

.....

.....

.....

.....

.....

Suggest five ethical/social effects of ICTs in society today

.....

.....

.....

.....

.....

.....

.....

.....

.....
